13.7 receiving an optional annuity or survivor benefit, for whom it has been determined an
13.8 overpayment must be recovered, adjust the payment amount and recover the overpayments
13.9 as provided under this section; and

13.10 (3) return the invalid employer contributions reported on behalf of a member or
13.11 former member to the employer by providing a credit against future contributions payable
13.12 by the employer.

13.13 (f) In the event that a salary warrant or check from which a deduction for the
13.14 retirement fund was taken has been canceled or the amount of the warrant or check
13.15 returned to the funds of the department making the payment, a refund of the sum
13.16 deducted, or any portion of it that is required to adjust the deductions, must be made
13.17 to the department or institution.

13.18 (g) If the accrual date of any retirement annuity, survivor benefit, or disability benefit
13.19 is within the limitation period specified in paragraph (c), and an overpayment has resulted
13.20 by using invalid service or salary, or due to any erroneous calculation procedure, the
13.21 association must recalculate the annuity or benefit payable and recover any overpayment
13.22 as provided under subdivision 7b.

13.23 (h) Notwithstanding the provisions of this subdivision, the association may apply
13.24 the Revenue Procedures defined in the federal Internal Revenue Service Employee Plans
13.25 Compliance Resolution System and not issue a refund of erroneous employee deductions
13.26 and employer contributions or not recover a small overpayment of benefits if the cost to
13.27 correct the error would exceed the amount of the member refund or overpayment.

13.28 (i) Any fees or penalties assessed by the federal Internal Revenue Service for any
13.29 failure by an employer to follow the statutory requirements for reporting eligible members
13.30 and salary must be paid by the employer.

13.33 353E.03 were erroneously transmitted to the association, but should have been transmitted
13.34 to another Minnesota public pension plan, the executive director shall transfer the
13.35 erroneous employee deductions and employer contributions to the appropriate retirement

14.1 fund or individual account, as applicable, without interest. The time limitations specified
14.2 in subdivisions 7 and 12 do not apply.

14.3 (b) For purposes of this subdivision, a Minnesota public pension plan means a
14.4 plan specified in section 356.30, subdivision 3, or the plans governed by chapters 353D
14.5 and 354B.

14.6 (c) A potential transfer under paragraph (a) that is reasonably determined to cause
14.7 the plan to fail to be a qualified plan under section 401(a) of the federal Internal Revenue
14.8 Code, as amended, must not be made by the executive director of the association. Within
14.9 30 days after being notified by the Public Employees Retirement Association of an
14.10 unmade potential transfer under this paragraph, the employer of the affected person
14.11 must transmit an amount representing the applicable salary deductions and employer
14.12 contributions, without interest, to the retirement fund of the appropriate Minnesota public
14.13 pension plan, or to the applicable individual account if the proper coverage is by a defined
14.14 contribution plan. The association must provide the employing unit a credit for the amount
14.15 of the erroneous salary deductions and employer contributions against future contributions
14.16 from the employer. If the employing unit receives a credit under this paragraph, the
14.17 employing unit is responsible for refunding to the applicable employee any amount that
14.18 had been erroneously deducted from the person's salary.

14.19 Subd. 7b. **Recovery of overpayments.** (a) In the event the executive director
14.20 determines that an overpaid annuity or benefit ~~that~~ from the general employees retirement

14.22 fire retirement plan, or the local government correctional employees retirement plan is
14.23 the result of invalid salary included in the average salary used to calculate the payment
14.24 amount must be recovered, the association must determine the amount of the employee
14.25 deductions taken in error on the invalid salary, with interest determined in the manner
14.26 provided for a former member under subdivision 7, paragraph (e), clause (2), item (i),
14.27 and must subtract that amount from the total annuity or benefit overpayment, and the
14.28 remaining balance of the overpaid annuity or benefit, if any, must be recovered.

14.29 (b) If the invalid employee deductions plus interest exceed the amount of the
14.30 overpaid benefits, the balance must be refunded to the person to whom the benefit or
14.31 annuity is being paid.

14.32 (c) Any invalid employer contributions reported on the invalid salary must be
14.33 credited to the employer as provided in subdivision 7, paragraph (e).

14.34 (d) If a member or former member, who is receiving a retirement annuity or
14.35 disability benefit for which an overpayment is being recovered, dies before recovery of
14.36 the overpayment is completed and a joint and survivor optional annuity is payable, the

remaining balance of the overpaid annuity or benefit must continue to be recovered from the payment to the optional annuity beneficiary.

(e) If the association finds that a refund has been overpaid to a former member, beneficiary or other person, the amount of the overpayment must be recovered for the benefit of the respective retirement fund or account.

(f) The board of trustees shall adopt policies directing the period of time and manner for the collection of any overpaid retirement or optional annuity, and survivor or disability benefit, or a refund that the executive director determines must be recovered as provided under this section.

Subd. 7c. **Limitation on additional plan coverage.** No deductions for any plan under this chapter or chapter 353E may be taken from the salary of a person who is employed by a governmental subdivision under section 353.01, subdivision 6, and who is receiving disability benefit payments from any plan under this chapter or chapter 353E unless the person waives the right to further disability benefit payments.

Subd. 8. **District court reporters; salary deductions.** Deductions from the salary of a district court reporter in a judicial district consisting of two or more counties shall be made by the auditor of the county in which the bond and official oath of such district court reporter are filed, from the portion of salary paid by such county.

Subd. 9. **Fee officers; contributions; obligations of employers.** Any appointed or elected officer of a governmental subdivision who was or is a "public employee" within the meaning of section 353.01 and was or is a member of the ~~fund~~ general employees retirement plan of the Public Employees Retirement Association and whose salary was or is paid in whole or in part from revenue derived by fees and assessments, shall pay employee contribution in the amount, at the time, and in the manner provided in subdivisions 2 and 4. The employer contribution as provided in subdivision 3, and the additional employer contribution as provided in subdivision 3a, with respect to such service ~~shall~~ must be paid by the governmental subdivision. This subdivision ~~shall have~~ has both retroactive and prospective application as to all such members; and every employing governmental subdivision is deemed liable, retroactively and prospectively, for all employer and additional employer contributions for every such member of the general employees retirement plan in its employ. Delinquencies under this section ~~shall be~~ are governed in all respects by section 353.28.

Subd. 10. **Employer exclusion reports.** The head of a department shall annually furnish the executive director with an exclusion report listing only those employees in potentially PERA general employees retirement plan-eligible positions who were not

reported as members of the ~~association~~ general employees retirement plan and who worked during the school year for school employees and calendar year for nonschool employees. The department head must certify the accuracy and completeness of the exclusion report to the association. The executive director shall prescribe the manner and forms, including standardized exclusion codes, to be used by a governmental subdivision in preparing and filing exclusion reports. The executive director shall also check the exclusion report to ascertain whether any omissions have been made by a department head in the reporting of new public employees for membership. The executive director may delegate an association employee under section 353.03, subdivision 3a, paragraph (b), clause (5), to conduct a field audit to review the payroll records of a governmental subdivision.

Subd. 11. **Employers; required to furnish requested information.** (a) All governmental subdivisions shall furnish promptly such other information relative to the employment status of all employees or former employees, including, but not limited to, payroll abstracts pertaining to all past and present employees, as may be requested by the executive director, including schedules of salaries applicable to various categories of employment.

(b) In the event payroll abstract records have been lost or destroyed, for whatever reason or in whatever manner, so that such schedules of salaries cannot be furnished therefrom, the employing governmental subdivision, in lieu thereof, shall furnish to the association an estimate of the earnings of any employee or former employee for any period as may be requested by the executive director. If the association is provided a schedule of estimated earnings, the executive director is authorized to use the same as a basis for making whatever computations might be necessary for determining obligations of the employee and employer to the general employees retirement fund plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan. If estimates are not furnished by the employer at the request of the executive director, the executive director may estimate the obligations of the employee and employer to the general employees retirement fund, the public employees police and fire retirement plan, or the local government correctional employees retirement plan based upon those records that are in its possession.

Subd. 12. **Omitted salary deductions; obligations.** (a) In the case of omission of required deductions for the general employees retirement plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan from the salary of an employee, the department head or designee shall immediately, upon discovery, report the employee for membership and deduct the employee deductions under subdivision 4 during the current pay period or during the pay period immediately

following the discovery of the omission. Payment for the omitted obligations may only be made in accordance with reporting procedures and methods established by the executive director.

(b) When the entire omission period of an employee does not exceed 60 days, the governmental subdivision may report and submit payment of the omitted employee deductions and the omitted employer contributions through the reporting processes under subdivision 4.

(c) When the omission period of an employee exceeds 60 days, the governmental subdivision shall furnish to the association sufficient data and documentation upon which the obligation for omitted employee and employer contributions can be calculated. The omitted employee deductions must be deducted from the employee's subsequent salary payment or payments and remitted to the association for deposit in the applicable retirement fund. The employee shall pay omitted employee deductions due for the 60 days prior to the end of the last pay period in the omission period during which salary was earned. The employer shall pay any remaining omitted employee deductions and any omitted employer contributions, plus cumulative interest at an annual rate of 8.5 percent compounded annually, from the date or dates each omitted employee contribution was first payable.

(d) An employer shall not hold an employee liable for omitted employee deductions beyond the pay period dates under paragraph (c), nor attempt to recover from the employee those employee deductions paid by the employer on behalf of the employee. Omitted deductions due under paragraph (c) which are not paid by the employee constitute a liability of the employer that failed to deduct the omitted deductions from the employee's salary. The employer shall make payment with interest at an annual rate of 8.5 percent compounded annually. Omitted employee deductions are no longer due if an employee terminates public service before making payment of omitted employee deductions to the association, but the employer remains liable to pay omitted employer contributions plus interest at an annual rate of 8.5 percent compounded annually from the date the contributions were first payable.

(e) The association may not commence action for the recovery of omitted employee deductions and employer contributions after the expiration of three calendar years after the calendar year in which the contributions and deductions were omitted. Except as provided under paragraph (b), no payment may be made or accepted unless the association has already commenced action for recovery of omitted deductions. A terminated employee may pay the omitted employee deductions plus interest within six months of an initial notification from the association of eligibility to pay those omitted deductions. If a terminated employee is reemployed in a position covered under a public pension fund under section 356.30, subdivision 3, and elects to pay omitted employee deductions, payment must be made no later than six months after a subsequent termination of public service.

Subd. 12b. **Terminated employees: immediate eligibility.** If deductions were omitted from salary adjustments or final salary of a terminated employee who was a member of the general employees retirement plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan and who is immediately eligible to draw a monthly benefit, the employer shall pay the omitted employer and employer additional contributions plus interest on both the employer and employee amounts due at an annual rate of 8.5 percent compounded annually. Notwithstanding any provision of section 356.551, subdivision 2, to the contrary, regarding time limits on purchases, payment of a service credit purchase amount may be made anytime before the termination of public service.

(c) This subdivision does not apply if the applicable employment under paragraph (a) included coverage by any public or private defined benefit or defined contribution retirement plan, other than a volunteer firefighters relief association. If this paragraph applies, an individual is prohibited from purchasing service credit from a Public Employees Retirement Association plan for any period or periods specified in paragraph (a).

25.9 or 2a, during calendar year 2009, as was certified by the former executive director of the
25.10 former Minneapolis Employees Retirement Fund.

25.11 (e) Annually after June 30, 2012, the employer supplemental contribution to
25.12 the MERF division account by the city of Minneapolis, Special School District No. 1,
25.13 Minneapolis, a Minneapolis-owned public utility, improvement, or municipal activity,
25.14 Hennepin county, the Metropolitan Council, the Metropolitan Airports Commission,
25.15 and the Minnesota State Colleges and Universities system is the amount by which the
25.16 total actuarial required contribution determined under section 356.215 by the approved
25.17 actuary retained by the Public Employees Retirement Association in the most recent
25.18 actuarial valuation of the MERF division and based on a June 30, 2031, amortization
25.19 date, after subtracting the contributions under paragraphs (b), (c), and (d), exceeds
25.20 \$36,500,000. Unless the various employing units agree to a different allocation and file
25.21 that agreement with the executive director by August 15 for the following calendar year,
25.22 each employing unit's share of the total employer supplemental contribution amount
25.23 is equal to its percentage share of the total amount allocated under Minnesota Statutes
25.24 2008, section 422A.101, subdivision 3, payable for calendar year 2009. The initial total
25.25 actuarial required contribution after June 30, 2012, must be calculated using the mortality
25.26 assumption change recommended on September 30, 2009, for the Minneapolis Employees
25.27 Retirement Fund by the approved consulting actuary retained by the Minneapolis
25.28 Employees Retirement Fund board.

25.29 (f) Notwithstanding any provision of paragraph (c), (d), or (e) to the contrary, as of
25.30 August 1 annually, if the amount of the retirement annuities and benefits paid from the
25.31 MERF division account during the preceding fiscal year, multiplied by the factor of 1.035,
25.32 exceeds the market value of the assets of the MERF division account on the preceding June
25.33 30, plus state aid of \$9,000,000 or \$36,500,000, whichever applies, and plus the amounts
25.34 payable under paragraphs (b), (c), (d), and (e) during the preceding fiscal year, multiplied
25.35 by the factor of 1.035, the balance calculated is a special additional employer contribution.
25.36 The special additional employer contribution under this paragraph is payable in addition

to any employer contribution required under paragraphs (c), (d), and (e), and is payable on or before the next following June 30. The special additional employer contribution under this paragraph must be allocated between the city of Minneapolis, Special School District No. 1, Minneapolis, any Minneapolis-owned public utility, improvement, or municipal activity, the Minnesota State Colleges and Universities system, Hennepin County, the Metropolitan Council, and the Metropolitan Airports Commission in proportion to their share of the actuarial accrued liability of the former Minneapolis Employees Retirement Fund as of July 1, 2009, as calculated by the approved actuary retained under section 356.214 as part of the actuarial valuation prepared as of July 1, 2009, under section 356.215 and the Standards for Actuarial Work adopted by the Legislative Commission on Pensions and Retirement.

(g) The employer contributions under paragraphs (c), (d), and (e) must be paid as provided in section 353.28.

(h) Contributions under this subdivision are subject to the provisions of section 353.27, subdivisions 4, 7, 7a, 7b, 11, 12, 12a, 12b, 13, and 14.

Subd. 7a. **Minneapolis Municipal Retirement Association dues.** If authorized by an annuitant or retirement benefit recipient in writing on a form prescribed by the executive director of the Public Employees Retirement Association, the executive director shall deduct the dues for the Minneapolis Municipal Retirement Association from the person's annuity or retirement benefit. This dues deduction authority expires upon the eventual full consolidation of the MERF account under subdivision 8.

Subd. 8. **Eventual full consolidation.** (a) Once the fiscal year end market value of assets of the MERF division account equals or exceeds 80 percent of the actuarial accrued liability of the MERF division as calculated by the approved actuary retained by the Public Employees Retirement Association under section 356.215 and the Standards for Actuarial Work adopted by the Legislative Commission on Pensions and Retirement, the MERF division must be merged with the general employees retirement plan of the Public Employees Retirement Association and the MERF division account ceases as a separate account within the general employees retirement fund of the Public Employees Retirement Association.

(b) If the market value of the MERF division account is less than 100 percent of the actuarial accrued liability of the MERF division under paragraph (a), the total employer contribution of employing units referenced in subdivision 7, paragraph (e), for the period after the full consolidation and June 30, 2031, to amortize on a level annual dollar payment the remaining unfunded actuarial accrued liability of the former MERF division account on the full consolidation date by June 30, 2031, shall be calculated by the consulting

actuary retained under section 356.214 using the applicable postretirement interest rate
actuarial assumption for the general employees retirement plan under section 356.215.
The actuarial accrued liability of the MERF division must be calculated using the healthy
retired life mortality assumption applicable to the general employees retirement plan.

(c) The merger shall occur as of the first day of the first month after the date on
which the triggering actuarial valuation report is filed with the executive director of the
Legislative Commission on Pensions and Retirement.

(d) The executive director of the Public Employees Retirement Association shall
prepare proposed legislation fully implementing the merger and updating the applicable
provisions of chapters 353 and 356 and transmit the proposed legislation to the executive
director of the Legislative Commission on Pensions and Retirement by the following
February 15.

Subd. 9. **Merger of former MERF membership groups into PERA-general.**
If provided for in an agreement between the board of trustees of the Public Employees
Retirement Association and the governing board of an employing unit formerly with
retirement coverage provided for its employees by the former Minneapolis Employees
Retirement Fund, an employing unit may transfer sufficient assets to the general
employees retirement fund to cover the anticipated actuarial accrued liability for its
current or former employees that is in excess of MERF division account assets attributable
to those employees, have those employees be considered full members of the general
employees retirement plan, and be relieved of any further contribution obligation to the
general employees retirement plan for those employees under this section. Any agreement
under this subdivision and any actuarial valuation report related to a merger under this
subdivision must be submitted to the executive director of the Legislative Commission on
Pensions and Retirement for comment prior to the final execution.

Sec. 18. Minnesota Statutes 2008, section 353.64, subdivision 7, is amended to read:

31.42 (c) Before July 2, 2010, the actuarial valuation must use the applicable following

31.43 payroll growth assumption for calculating the amortization requirement for the unfunded

32.1 actuarial accrued liability where the amortization retirement is calculated as a level
32.2 percentage of an increasing payroll:

32.3		payroll growth
32.4	plan	assumption

32.17 (d) After July 1, 2010, the assumptions set forth in paragraphs (b) and (c) continue to
32.18 apply, unless a different salary assumption or a different payroll increase assumption:

32.19 (1) has been proposed by the governing board of the applicable retirement plan;

32.20 (2) is accompanied by the concurring recommendation of the actuary retained under
32.21 section 356.214, subdivision 1, if applicable, or by the approved actuary preparing the
32.22 most recent actuarial valuation report if section 356.214 does not apply; and

32.23 (3) has been approved or deemed approved under subdivision 18.

32.24 Sec. 20. Minnesota Statutes 2009 Supplement, section 356.215, subdivision 11,
32.25 is amended to read:

32.26 Subd. 11. **Amortization contributions.** (a) In addition to the exhibit indicating
32.27 the level normal cost, the actuarial valuation of the retirement plan must contain an
32.28 exhibit for financial reporting purposes indicating the additional annual contribution
32.29 sufficient to amortize the unfunded actuarial accrued liability and must contain an exhibit
32.30 for contribution determination purposes indicating the additional contribution sufficient
32.31 to amortize the unfunded actuarial accrued liability. For the retirement plans listed in
32.32 subdivision 8, paragraph (c), but excluding the MERF division of the Public Employees
32.33 Retirement Association, the additional contribution must be calculated on a level
32.34 percentage of covered payroll basis by the established date for full funding in effect when
32.35 the valuation is prepared, assuming annual payroll growth at the applicable percentage
32.36 rate set forth in subdivision 8, paragraph (c). For all other retirement plans and for the
32.37 MERF division of the Public Employees Retirement Association, the additional annual
32.38 contribution must be calculated on a level annual dollar amount basis.

(b) For any retirement plan other than ~~the Minneapolis Employees Retirement Fund, the general employees~~ a retirement plan of the Public Employees Retirement Association, ~~and the St. Paul Teachers Retirement Fund Association~~ governed by paragraph (d), (e), (f), (g), (h), (i), or (j), if there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by itself or by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded actuarial accrued liability of the fund, the established date for full funding is the first actuarial valuation date occurring after June 1, 2020.

(c) For any retirement plan other than the ~~Minneapolis Employees Retirement Fund and the~~ general employees retirement plan of the Public Employees Retirement Association, if there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, and the change or changes, by itself or by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding must be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the fund must be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the unfunded actuarial accrued liability amount determined under item (i) by the established date for full funding in effect before the change must be calculated using the interest assumption specified in subdivision 8 in effect before the change;

(iii) the unfunded actuarial accrued liability of the fund must be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;

For the purposes of this chapter, the board shall possess the powers and privileges of a corporation, and as such may sue and be sued, and shall have the right to issue subpoenas and to compel the attendance of witnesses.

422A.05 TRUSTEE OF FUNDS.

Subdivision 1. **Power over funds.** The members of the retirement board shall be the trustees and custodians of the several funds created by this chapter and shall have exclusive control and management of these funds, and power to invest them and to hold, purchase, sell, assign, transfer, or dispose of any of the securities and investments in which any of the funds created by this chapter shall have been invested as well as the proceeds of the investments, and of the money belonging to these funds. The power to manage and invest the assets of the funds must be exercised by the retirement board solely through professional investment or property management firms that are independent of the retirement fund. No financial or property assets of the funds may be managed, serviced, or invested internally or in-house at the retirement fund, except that any investment held by a fund on February 1, 1993, that is not readily tradable on an established securities exchange may continue to be managed directly by the retirement board until the investment is converted to cash. The retirement board's functions under this section consist primarily of establishing and effectuating investment policy and structure, managing the investment process, monitoring and measuring the performance of the external independent professional investment or property management firms, retaining or terminating agreements with these firms, apportioning the assets of the funds to be managed among these firms, and making financial decisions on issues if approvals have been specifically reserved by and to the board.

Subd. 2a. **Fiduciary duty.** (a) In the discharge of their respective duties, the members of the board, the executive director, the board staff, and any person charged with the responsibility of servicing assets of the funds pursuant to the standards set forth in this chapter shall act in good faith and shall exercise that degree of judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived therefrom. In addition, the members of the board and the chief administrative officer shall act in a manner consistent with chapter 356A.

(b) Individuals authorized by the board to manage or invest the assets of the funds must act in a manner consistent with chapter 356A. In addition, these individuals must act in good faith and exercise that degree of judgment, skill, diligence, and care, under the circumstances then prevailing, that persons of prudence, discretion, and intelligence acting in a like capacity and familiar with the activity would exercise.

Subd. 2b. **Conflicts of interest.** No member of the board may participate in the deliberations or the voting on any matter before the board which will or is likely to result in direct, measurable personal gain to the member.

Subd. 2c. **Minneapolis Employees Retirement Fund investment authority.** (a) For investments made on or after July 1, 1991, the board shall invest funds only in investments authorized by section 356A.06, subdivision 7.

(b) However, in addition to real estate investments authorized under paragraph (a), the board may also make loans to purchasers of Minnesota situs nonfarm residential real estate that is owned by the Minneapolis Employees Retirement Fund. The loans must be secured by mortgages or deeds of trust.

(c) For investments made before July 1, 1991, the board may, but is not required to, comply with paragraph (a). However, with respect to these investments, the board shall act in accordance with subdivision 2a and chapter 356A.

(d) The board may certify assets for investment by the State Board of Investment under section 11A.17. Alternatively or in addition, the board may certify assets for investment by the State Board of Investment in fixed income pools or in a separately managed account at the discretion of the State Board of Investment as provided in section 11A.14.

Subd. 2d. **Account transfers.** Notwithstanding any law to the contrary, the retirement board, subject to the standards of subdivision 2a and chapter 356A, may transfer assets between accounts established by section 422A.06.

APPENDIX

Repealed Minnesota Statutes: s2644-1

Subd. 2e. **Standing; parties.** In addition to other parties with claims under statute or the common law, the state and a political subdivision that helps to finance a plan have standing to sue on behalf of all taxpayers and the plan beneficiaries for an alleged breach of fiduciary duty. If a suit is brought by the state or a political subdivision under this subdivision, no separate suit regarding the same claims on behalf of taxpayers of the state or a political subdivision or of beneficiaries may be allowed, and any suit then pending on behalf of taxpayers of the state or a political subdivision or of beneficiaries must be dismissed unless the court determines that its dismissal would prejudice or limit the rights or claims of the taxpayers or beneficiaries. Nothing in this subdivision precludes suits by both the state and an affected political subdivision or suits by the retirement board on behalf of one or more of the funds.

Subd. 2f. **Attorney fees.** The court shall award reasonable attorney fees and costs of litigation, in addition to damages and other relief, in a suit where a breach of fiduciary duty is found under subdivision 2a or chapter 356A.

Subd. 5. **Payments; revolving fund.** All payments from the funds created by this chapter shall be signed by the treasurer, executive director, or other person appointed by the retirement board, and no payment shall be made except by order of the board duly entered in the record of its proceedings, except that the board may create a revolving fund in an amount as may be necessary to be used for the purpose of withdrawals from the fund of excess contributions; refunds to employees upon their separation from the service and for other purposes as may be determined by the board. The revolving fund shall be periodically reimbursed as set forth herein. It shall be subject to withdrawal upon check signed by the executive director, or other person appointed by the board.

Subd. 6. **Special funds.** The board may, in carrying out the provisions of this chapter, establish special funds supplementing individual contributions by the employees and to receive, invest, and disburse for such purpose all moneys in the form of donations, gifts, legacies, bequests, or otherwise which may be contributed by private individuals or corporations or organizations for the benefit of the city employees generally, or any special employee or class of employees of the city.

Subd. 8. **Health insurance.** The retirement board may authorize the executive director or the executive director's designee to:

- (1) offer the beneficiaries of the fund the option of having their health insurance premiums deducted automatically from their monthly benefit amounts and paid to a designated insurer; and
- (2) provide beneficiaries information about available group health insurance plan options.

Beneficiaries who elect to avail themselves of this service are ultimately responsible for the timely payment of premiums and the payment of premiums in the proper amount.

422A.06 RETIREMENT FUND.

Subdivision 1. **Creation; divisions of fund.** For the purposes of this chapter, there is established the Minneapolis Employees Retirement Fund. That retirement fund is subdivided into (1) a deposit accumulation fund, (2) a survivor benefit fund, (3) a disability benefit fund, and (4) a retirement benefit fund. The expense of the administration of the retirement fund must be paid from the deposit accumulation fund, less the amount as the retirement board may charge against income of the retirement benefit fund from investments as the cost of handling the investments of the retirement benefit fund.

Subd. 2. **Actuarial valuation required.** (a) As of July 1 of each year, an actuarial valuation of the retirement fund shall be prepared by the actuary retained by the joint retirement systems under section 356.214 and filed in conformance with the provisions and requirements of sections 356.215 to 356.23. Experience studies shall be prepared at those times required by statute, required by the standards for actuarial work adopted by the Legislative Commission on Pensions and Retirement or ordered by the board.

(b) The board may contract for the services of an approved actuary and fix the reasonable compensation for those services. Any approved actuary retained by the board shall function as the actuarial advisor to the board and may perform actuarial valuations and experience studies to supplement those performed by the actuary retained by the joint retirement systems under section 356.214. Any supplemental actuarial valuations or experience studies must be filed with the executive director of the Legislative Commission on Pensions and Retirement.

Subd. 3. **Deposit accumulation fund.** (a) The deposit accumulation fund consists of the assets held in the fund, including amounts contributed by or for employees, amounts contributed by the city, amounts contributed by municipal activities supported in whole or in part by revenues other than taxes and amounts contributed by any public corporation, amounts paid by the state, and by income from investments.

APPENDIX

Repealed Minnesota Statutes: s2644-1

(b) There must be paid from the fund the amounts required to be transferred to the retirement benefit fund, or the disability benefit fund, refunds of contributions, including the death-while-active refund specified in section 422A.22, subdivision 4, postretirement increases in retirement allowances granted under Laws 1965, chapter 688, or Laws 1969, chapter 859, and expenses of the administration of the retirement fund which were not charged by the retirement board against the income of the retirement benefit fund from investments as the cost of handling the investments of the retirement benefit fund.

(c) To the extent that the deposit accumulation fund has insufficient assets to transfer the total value of the required reserves for retirement annuities to either the disability benefit fund under subdivisions 5 and 7 or the retirement benefit fund under subdivisions 5 and 8 as required, the deposit accumulation fund has a transfer amount payable on which an interest charge accrues. The executive director must determine the interest charge for the period that the transfer amount payable remains unpaid at an annual rate equal to five percent plus the percentage increase in the amount of the annual Consumer Price Index for urban wage earners and clerical workers as calculated by the Bureau of Labor Statistics of the United States Department of Labor from the previous June 30. The interest charge must be reflected in the books of the Minneapolis Employees Retirement Fund and assessed against the deposit accumulation fund based on the average quarterly transfer amount payable balance outstanding. Any revenue received by the deposit accumulation fund subsequent to unpaid transfers must be transferred from the deposit accumulation fund to the disability benefit fund or to the retirement fund, whichever applies, and must first be applied to any remaining interest charge and then must be applied to the principal amount of transfer amount payable outstanding.

Subd. 5. Transfer of reserves to retirement benefit fund; adjustments of annuities and benefits. (a) Assets equal to the required reserves for retirement annuities as determined in accordance with the appropriate mortality table adopted by the board of trustees based on the experience of the fund as recommended by the actuary retained under section 356.214 and using the postretirement interest assumption specified in section 356.215, subdivision 8, must be transferred to the disability benefit fund as provided in subdivision 7, or the retirement benefit fund, except for any amounts payable from the survivor benefit fund, as of date of retirement.

(b) To the extent that the deposit accumulation fund has insufficient assets to cover a full required transfer amount, the applicable fund must be credited with an interest-bearing transfer amount payable.

(c) Annuity payments must be adjusted in accordance with this chapter, except that no minimum retirement payments described in this chapter must include any amounts payable from the survivors' benefit fund or disability benefit fund and supplemented benefits specifically financed by statute.

(d) Increases in annuity payments under this section shall be made automatically unless written notice on a form prescribed by the board is filed with the retirement board requesting that the increase not be made.

(e) Any additional annuity which began to accrue on July 1, 1973, or which began to accrue on January 1, 1974, under Laws 1973, chapter 770, section 1, must be considered as part of the base amount to be used in determining any postretirement adjustments payable under the provisions of subdivision 8.

Subd. 6. Survivor's benefit fund. The survivor's benefit fund consists of the amount held for survivor benefits, increased by contributions for survivor benefits made by and for employees, including contributions made by the employer, by any municipal activity supported in whole or in part by revenue other than taxes or by any public corporation. A proportionate share of income from investments must be allocated to this fund. Survivor benefits specified in section 422A.23 must be paid from this fund.

Subd. 7. Disability benefit fund. (a) A disability benefit fund is established, containing the required reserves for disability allowances under this chapter. A proportionate share of income from investments must be allocated to this fund and any interest charge under subdivision 3, paragraph (c), must be credited to the fund. The disability allowances payable under this chapter must be paid from this fund.

(b) In the event of the termination of any disability allowance for any reason other than the death of the recipient, the balance of the required reserves for the disability allowance as of the date of the termination must be transferred from the disability benefit fund to the deposit accumulation fund.

(c) At the end of each fiscal year, as part of the annual actuarial valuation, a determination must be made of the required reserves for all disability allowances being paid from the disability benefit fund. Any excess of assets over actuarial required reserves in the disability benefit fund must be transferred to the deposit accumulation fund. Unless subdivision 3, paragraph (c), applies,

APPENDIX

Repealed Minnesota Statutes: s2644-1

any excess of actuarial reserves over assets in the disability benefit fund must be funded by a transfer of the appropriate amount of assets from the deposit accumulation fund.

Subd. 8. **Retirement benefit fund.** (a) The retirement benefit fund consists of amounts held for payment of retirement allowances for members retired under this chapter, including any transfer amount payable under subdivision 3, paragraph (c).

(b) Unless subdivision 3, paragraph (c), applies, assets equal to the required reserves for retirement allowances under this chapter determined in accordance with the appropriate mortality table adopted by the board of trustees based on the experience of the fund as recommended by the actuary retained under section 356.214 must be transferred from the deposit accumulation fund to the retirement benefit fund as of the last business day of the month in which the retirement allowance begins. The income from investments of these assets must be allocated to this fund and any interest charge under subdivision 3, paragraph (c), must be credited to the fund. There must be paid from this fund the retirement annuities authorized by law. A required reserve calculation for the retirement benefit fund must be made by the actuary retained under section 356.214 and must be certified to the retirement board by the actuary retained under section 356.214.

(c) There is established a deferred yield adjustment account which must be increased by the sale or disposition of any debt securities at less than book value and must be decreased by the sale or disposition of debt securities at more than book value. At the end of each fiscal year, a portion of the balance of this account must be offset against the investment income for that year. The annual portion of the balance to be offset must be proportional to the reciprocal of the average remaining life of the bonds sold, unless the amounts are offset by gains on the future sales of these securities. The amount of this account must be included in the recognized value of assets other than corporate stocks and all other equity investments. In any fiscal year in which the gains on the sales of debt securities exceed the discounts realized on the sales of such securities, the excess must be used to reduce the balance of the account. If the realized capital gains are sufficient to reduce the balance of the account to zero, any excess gains must be available for the calculation of postretirement adjustments.

(d)(1) Annually, following June 30, the board shall use the procedures in clauses (2), (3), and (4), to determine whether a postretirement adjustment is payable and to determine the amount of any postretirement adjustment.

(2) If the Consumer Price Index for urban wage earners and clerical workers all items index published by the Bureau of Labor Statistics of the United States Department of Labor increases from June 30 of the preceding year to June 30 of the current year, the board shall certify the percentage increase. The amount certified must not exceed 3.5 percent.

(3) In addition to any percentage increase certified under paragraph (b), the board shall use the following procedures to determine if a postretirement adjustment is payable under this paragraph:

(i) the board shall determine the market value of the fund on June 30 of that year;

(ii) the amount of reserves required as of the current June 30 for the annuity or benefit payable to an annuitant and benefit recipient must be determined by the actuary retained under section 356.214. An annuitant or benefit recipient who has been receiving an annuity or benefit for at least 12 full months as of the current June 30 is eligible to receive a full postretirement adjustment. An annuitant or benefit recipient who has been receiving an annuity or benefit for at least one full month, but less than 12 full months as of the current June 30, is eligible to receive a partial postretirement adjustment. The amount of the reserves for those annuitants and benefit recipients who are eligible to receive a full postretirement benefit adjustment is known as "eligible reserves." The amount of the reserves for those annuitants and benefit recipients who are not eligible to receive a postretirement adjustment is known as "noneligible reserves." For an annuitant or benefit recipient who is eligible to receive a partial postretirement adjustment, additional "eligible reserves" is an amount that bears the same ratio to the total reserves required for the annuitant or benefit recipient as the number of full months of annuity or benefit receipt as of the current June 30 bears to 12 full months. The remainder of the annuitant's or benefit recipient's reserves are "noneligible reserves";

(iii) the board shall determine the percentage increase certified under clause (2) multiplied by the eligible required reserves, as adjusted for mortality gains and losses, determined under item (ii);

(iv) the board shall add the amount of reserves required for the annuities or benefits payable to annuitants and benefit recipients of the participating public pension plans or funds as of the current June 30 to the amount determined under item (iii);

(v) the board shall subtract the amount determined under item (iv) from the market value of the fund determined under item (i);

APPENDIX

Repealed Minnesota Statutes: s2644-1

(vi) the board shall adjust the amount determined under item (v) by the cumulative current balance determined under item (viii) and any negative balance carried forward under item (ix);

(vii) a positive amount resulting from the calculations in items (i) to (vi) is the excess market value. A negative amount is the negative balance;

(viii) the board shall allocate one-fifth of the excess market value or one-fifth of the negative balance to each of five consecutive years, beginning with the fiscal year ending the current June 30; and

(ix) to calculate the postretirement adjustment under this paragraph based on investment performance for a fiscal year, the board shall add together all excess market value allocated to that year and subtract from the sum all negative balances allocated to that year. If this calculation results in a negative number, the entire negative balance must be carried forward and allocated to the next year. If the resulting amount is positive, a postretirement adjustment is payable under this paragraph. The board shall express a positive amount as a percentage of the total eligible required reserves certified to the board under item (ii).

(4) The board shall determine the amount of any postretirement adjustment which is payable using the following procedure:

(i) the total "eligible" required reserves as of the first of January next following the end of the fiscal year for the annuitants and benefit recipients eligible to receive a full or partial postretirement adjustment as determined by item (ii) must be certified to the board by the actuary retained under section 356.214. The total "eligible" required reserves must be determined by the actuary retained under section 356.214 on the assumption that all annuitants and benefit recipients eligible to receive a full or partial postretirement adjustment will be alive on the January 1 in question; and

(ii) the board shall add the percentage certified under clause (2) to any positive percentage calculated under clause (3). The board shall not subtract from the percentage certified under paragraph (b) any negative amount calculated under clause (3). The sum of these percentages must be carried to five decimal places and must be certified as the full postretirement adjustment percentage.

(e) The board shall determine the amount of the postretirement adjustment payable to each eligible annuitant and benefit recipient. The dollar amount of the postretirement adjustment must be calculated by applying the certified postretirement adjustment percentage to the amount of the monthly annuity or benefit payable to each eligible annuitant or benefit recipient eligible for a full adjustment.

The dollar amount of the partial postretirement adjustment payable to each annuitant or benefit recipient eligible for a partial adjustment must be calculated by first determining a partial percentage amount that bears the same ratio to the certified full adjustment percentage amount as the number of full months of annuity or benefit receipt as of the current June 30 bears to 12 full months. The partial percentage amount determined must then be applied to the amount of the monthly annuity or benefit payable to each annuitant or benefit recipient eligible to receive a partial postretirement adjustment. The postretirement adjustments are payable on January 1 following the calculations required under this section and must thereafter be included in the monthly annuity or benefit paid to the recipient. Any adjustments under this section must be paid automatically unless the intended recipient files a written notice with the applicable participating public pension fund or plan requesting that the adjustment not be paid.

(f) As of June 30 annually, the actuary retained under section 356.214 shall calculate the amount of required reserves representing any mortality gains and any mortality losses incurred during the fiscal year and report the results of those calculations to the plan. The actuary shall report separately the amount of the reserves for annuitants and benefit recipients who are eligible for a postretirement benefit adjustment and the amount of reserves for annuitants and benefit recipients who are not eligible for a postretirement benefit adjustment. If the net amount of required reserves represents a mortality gain, the board shall sell sufficient securities or transfer sufficient available cash to equal the amount. If the amount of required reserves represents a mortality loss, the plan shall transfer an amount equal to the amount of the net mortality loss. The amount of the transfers must be determined before any postretirement benefit adjustments have been made. All transfers resulting from mortality adjustments must be completed annually by December 31 for the preceding June 30. Interest is payable on any transfers after December 31 based upon the preretirement interest assumption for the participating plan or fund as specified in section 356.215, subdivision 8, stated as a monthly rate. Book values of the assets of the fund must be determined only after all adjustments for mortality gains and losses for the fiscal year have been made.

APPENDIX

Repealed Minnesota Statutes: s2644-1

(g) All money necessary to meet the requirements of the certification of withdrawals and all money necessary to pay postretirement adjustments under this section are hereby and from time to time appropriated from the postretirement investment fund to the board.

(h) Annually, following the calculation of any postretirement adjustment payable from the retirement benefit fund, the board of trustees shall submit a report to the executive director of the Legislative Commission on Pensions and Retirement and to the commissioner of management and budget indicating the amount of any postretirement adjustment and the underlying calculations on which that postretirement adjustment amount is based, including the amount of dividends, the amount of interest, and the amount of net realized capital gains or losses utilized in the calculations.

(i) With respect to a former contributing member who began receiving a retirement annuity or disability benefit under section 422A.151, paragraph (a), clause (2), after June 30, 1997, or with respect to a survivor of a former contributing member who began receiving a survivor benefit under section 422A.151, paragraph (a), clause (2), after June 30, 1997, the reserves attributable to the one percent lower amount of the cost-of-living adjustment payable to those annuity or benefit recipients annually must be transferred back to the deposit accumulation fund to the credit of the Metropolitan Airports Commission. The calculation of this annual reduced cost-of-living adjustment reserve transfer must be reviewed by the actuary retained under section 356.214.

422A.08 FINANCING OF CITY'S CONTRIBUTION.

Subdivision 1. **Financing.** All income, interest and dividends derived from deposits and investments authorized by this chapter shall be placed to the credit of the retirement fund.

Subd. 5. **Service credit purchase.** Any contributor who prior to entering the service of the city was an employee of a public corporation, is authorized, using the procedure in section 356.551, to purchase allowable service credit in the retirement fund for employment by the public corporation in the same manner as though the service had been rendered to the city, providing that the individual has not received service credit and is not eligible to receive service credit for this period under any other plan or fund listed in section 356.30, subdivision 3. Before receiving credit for service rendered to a public corporation as herein set forth, the contributing employee shall make application therefor in writing to the retirement board, and shall contribute to the retirement fund the amount specified in section 356.551.

422A.09 CLASSIFICATION OF EMPLOYEES.

Subdivision 1. **Two classes.** Employees of the city shall be divided into a contributing class and an exempt class.

Subd. 2. **Contributing class.** (a) The contributing class shall consist of all employees not included in the exempt class, who become prospective beneficiaries of the fund created by this chapter.

(b) A member of the contributing class who is granted a leave of absence without pay by the member's employer to serve as an employee or agent of a labor union representing members of the contributing class may continue as a member of the contributing class during the period of such leave of absence by depositing each month with the fund the amount of the contribution of the employee as required by this chapter which amount shall be the normal employee contribution.

(c) The contributions referred to in this subdivision shall be based on the salary for the position or its equivalent held by the member immediately prior to such leave of absence subject to any adjustment thereof during the period of such leave.

Subd. 3. **Exempt class.** The exempt class shall consist of:

(1) Employees who are members of any other organization or association of the city on behalf of which a tax is levied by the city for the purpose of paying retirement allowances to disabled or superannuated employees.

(2) Persons filling elective position; provided that any elective officer holding an elective city office, except a judge of municipal court, shall, upon written application to the retirement board, be entitled to become a member of the contributing class of the fund, and after becoming a contributor to the fund be entitled to all benefits conferred upon employees of the contributing class except retirement on a service allowance, which shall be granted only upon completion of ten or more years of service and attaining at least age 60.

All retirement allowances shall be computed and determined as provided herein, except that in determining the number of years of service, credit shall be given for time served as an elective officer or employee, or member of an executive board or commission or any combination thereof. Persons who have served in elective positions which qualified them for membership in

APPENDIX

Repealed Minnesota Statutes: s2644-1

the fund prior to July 1, 1967, and who immediately thereafter hold elective office, first being appointed to that elective office in Hennepin County, may retain or resume membership in the fund as an elective officer of the county. The county shall collect and pay to the retirement fund the employee contribution as required under section 422A.10. The employer contribution on behalf of the elected officer must be paid by the county. Before receiving a retirement allowance, or any other benefit, any person who claims credit for service under this section shall contribute to the fund an amount equal to the amount of contributions to the fund which the person would have made had the person been a contributor to the fund since the date the person first became eligible for membership in the fund, under section 422A.10, plus six percent compound interest.

(3) Persons serving without pay.

(4) Persons employed on a temporary basis, as doorkeepers, ticket takers, and attendants at the municipal auditorium, park recreation facilities, or like activities, employed less than 1000 hours, or its equivalent if employed on any other basis than an hourly basis, in any calendar year from January 1 to December 31, inclusive, provided that employees who were contributing members of the fund on July 1, 1959 shall not be affected by the exclusions in this section.

(5) A person who is exempted from the contributing class by Minnesota Statutes 1974, section 422A.09, subdivision 3, clauses (4) and (5), but who is employed by and paid, in whole or in part, by the city or any of its boards, departments, or commissions, operated as a department of the city government or independently, if financed in whole or in part by city funds, including any person employed by a public corporation, and including any person employed by Special School District No. 1, each of whom is not a member of any other retirement system, who later becomes a contributing member of the fund may elect to qualify at that time for credit by paying into the fund an amount equal to the amount of contributions to the fund which the person would have made had the person been a contributor to the fund since the date the person first qualified as an exempt member of the contributing class, under section 422A.10, plus six percent compound interest.

Subd. 4. **City coordinator; assistant city coordinator.** The exempt class shall also consist of persons filling the positions of Minneapolis city coordinator and assistant city coordinator, provided that any such person shall, upon written application to the retirement board, be entitled to become a member of the contributing class of the fund, and after becoming a contributor to the fund be entitled to all benefits conferred upon employees of the contributing class. If a person filling the position of city coordinator or assistant city coordinator does not elect to become a member of the contributing class, the city of Minneapolis may pay to such person, in addition to the salary allowed under any limitations imposed upon salaries by any law, an amount equal to what would be the employer's contribution for normal costs to the retirement fund if the employee was a member of the contributing class, provided that such employee agrees that the additional salary shall be deposited by the city in a deferred compensation program.

422A.10 SALARY DEDUCTIONS.

Subdivision 1. **Member contribution; deductions.** (a) There must be deducted and withheld from the basic salary, pay or compensation of each employee in the contributing class an amount equal to 9-1/4 percent of such salary, pay or compensation, except as hereinafter provided.

(b) The retirement board may increase the percentage rate of contribution to the retirement fund of any employee or employees for the purpose of establishing and maintaining on an actuarial basis a plan of insurance, survivors' benefits, or other type of benefit or benefits, the cost of which must be paid out of such extra percentage so authorized and deducted from the employee's compensation, except as hereinafter provided. Any plan or plans so established and placed in operation may be amended from time to time, or may be abandoned, but if abandoned, any surplus remaining from the operation of a plan must be the property of the fund, and must be credited to the reserve for loss in investment account.

Subd. 2. **Mandatory member contributions.** Every employee to whom this chapter applies is deemed to consent and agree to the deductions made and provided for herein, and payment with such reductions, for service, are a full and complete discharge and acquittance of all claims and demands for all services rendered by such person during the period covered by such payment; except the person's claim to the benefits to which the person may be entitled under the provisions of this chapter.

Subd. 3. **Option to increase contributions.** Subject to such terms and conditions and to such rules and regulations as the retirement board may adopt, any contributor from time to time may increase or decrease the contributor's rate of contribution to the retirement fund, but in no

event shall the contribution be less than the minimum contribution specified in the provisions of this chapter.

**422A.101 PREPARATION OF FINANCIAL REQUIREMENTS OF FUND;
EMPLOYER CONTRIBUTIONS.**

Subdivision 1. **Financial requirements of fund.** Prior to July 31 annually, the retirement board, in consultation with the actuary retained under section 356.214, shall prepare an itemized statement of the financial requirements of the fund for the succeeding fiscal year. A copy of the statement shall be submitted to the city council, the board of estimate and taxation of the city, the managing board or chief administrative officer of each city owned public utility, improvement project or municipal activity supported in whole or in part by revenues other than real estate taxes, public corporation, or unit of metropolitan government employing members of the fund, the board of Special School District No. 1, and the state commissioner of management and budget prior to July 31 annually. The statement shall be itemized and shall include the following:

(1) an estimate of the administrative expenses of the fund for the following year, including the amount necessary to amortize through June 30, 2020, the annual costs that are determined by the retirement board to be related to investment activities of the deposit accumulation fund other than actual investment transaction amounts;

(2) an estimate of the normal cost of the fund expressed as a dollar amount, which shall be determined by applying the normal cost of the fund as reported in the most recent actuarial valuation prepared by the actuary retained under section 356.214 and expressed as a percentage of covered payroll to the estimated total covered payroll of all employees covered by the fund for the following year;

(3) an estimate of the contribution required to amortize on a level annual dollar basis the unfunded actuarial accrued liability of the fund by June 30, 2020, using an interest rate of six percent compounded annually as reported in the most recent actuarial valuation, prepared by the actuary retained under section 356.214 expressed as a dollar amount. In determining the amount of the unfunded actuarial accrued liability of the fund, all assets other than the assets of the retirement benefit fund shall be valued as current assets as defined under section 356.215, subdivision 1, clause (6), and the assets of the retirement benefit fund shall be valued equal to the actuarially determined required reserves for benefits payable from that fund;

(4) the amount of any deficiency in the actual amount of any employer contribution provided for in this section when compared to the required contribution amount certified for the previous year, plus interest on the amount at the rate of six percent per annum.

Subd. 1a. **City contributions.** (a) Prior to August 31 of each year, the retirement board shall prepare an itemized statement of the financial requirements of the fund payable by the city for the succeeding fiscal year, and a copy of the statement shall be submitted to the board of estimate and taxation and to the city council by September 15. The financial requirements of the fund payable by the city shall be calculated as follows:

(1) a regular employer contribution of an amount equal to the percentage rounded to the nearest two decimal places of the salaries and wages of all employees covered by the retirement fund which equals the difference between the level normal cost plus administrative cost as reported in the annual actuarial valuation prepared by the actuary retained under section 356.214 and the employee contributions provided for in section 422A.10 less any amounts contributed toward the payment of the balance of the normal cost not paid by employee contributions by any city owned public utility, improvement project, other municipal activities supported in whole or in part by revenues other than real estate taxes, any public corporation, any employing unit of metropolitan government, or by Special School District No. 1 pursuant to subdivision 2;

(2) an additional employer contribution of an amount equal to the percent specified in section 353.27, subdivision 3a, clause (a), multiplied by the salaries and wages of all employees covered by the retirement fund less any amounts contributed toward amortization of the unfunded actuarial accrued liability by June 30, 2020, attributable to their respective covered employees by any city owned public utility, improvement project, other municipal activities supported in whole or in part by revenues other than real estate taxes, any public corporation, any employing unit of metropolitan government, or by Special School District No. 1 pursuant to subdivision 2; and

(3) a proportional share of an additional employer amortization contribution of an amount equal to \$3,900,000 annually until June 30, 2020, based upon the share of the fund's unfunded actuarial accrued liability attributed to the city as disclosed in the annual actuarial valuation prepared by the actuary retained under section 356.214.

(b) The city council shall, in addition to other taxes levied by the city, annually levy a tax equal to the amount of the financial requirements of the fund which are payable by the city. The

APPENDIX

tax, when levied, shall be extended upon the county lists and shall be collected and enforced in the same manner as other taxes levied by the city. If the city does not levy a tax sufficient to meet the requirements of this subdivision, the retirement board shall submit the tax levy statement directly to the county auditor, who shall levy the tax. The tax, when levied, shall be extended upon the county lists and shall be collected and paid into the city treasury to the credit of the retirement fund. Any amount to the credit of the retirement fund shall constitute a special fund and shall be used only for the payment of obligations authorized pursuant to this chapter.

Subd. 2. Contributions by or for city-owned public utilities, improvements, or municipal activities. (a) Contributions by or for any city-owned public utility, improvement project, and other municipal activities supported in whole or in part by revenues other than real estate taxes, any public corporation, any employing unit of metropolitan government, Special School District No. 1, or Hennepin County, on account of any employee covered by the fund, shall be calculated as follows:

(1) a regular employer contribution of an amount equal to the percentage rounded to the nearest two decimal places of the salaries and wages of all employees of the employing unit covered by the retirement fund which equals the difference between the level normal cost plus administrative cost reported in the annual actuarial valuation prepared by the actuary retained under section 356.214 and the employee contributions provided for in section 422A.10;

(2) an additional employer contribution of an amount equal to the percent specified in section 353.27, subdivision 3a, clause (a), multiplied by the salaries and wages of all employees of the employing unit covered by the retirement fund;

(3) a proportional share of an additional employer amortization contribution of an amount equal to \$3,900,000 annually until June 30, 2020, based upon the share of the fund's unfunded actuarial accrued liability attributed to the employer as disclosed in the annual actuarial valuation prepared by the actuary retained under section 356.214.

(b) The city council or any board or commission may, by proper action, provide for the inclusion of the cost of the retirement contributions for employees of any city-owned public utility or for persons employed in any improvement project or other municipal activity supported in whole or in part by revenues other than taxes who are covered by the retirement fund in the cost of operating the utility, improvement project, or municipal activity. The cost of retirement contributions for these employees shall be determined by the retirement board and the respective governing bodies having jurisdiction over the financing of these operating costs.

(c) The cost of the employer contributions on behalf of employees of Special School District No. 1 who are covered by the retirement fund shall be the obligation of the school district. Contributions by the school district to the retirement fund or any other public pension or retirement fund of which its employees are members must be remitted to the fund each month. An amount due and not transmitted begins to accrue interest at the rate of six percent compounded annually 15 days after the date due. The retirement board shall prepare an itemized statement of the financial requirements of the fund payable by the school district, which shall be submitted prior to September 15. Contributions by the school district shall be made at times designated by the retirement board. The school district may levy for its contribution to the retirement fund only to the extent permitted pursuant to section 126C.41, subdivision 3.

(d) The cost of the employer contributions on behalf of elective officers or other employees of Hennepin County who are covered by the retirement fund pursuant to section 422A.09, subdivision 3, clause (2), or 422A.22, subdivision 2, or Laws 1973, chapter 380, section 3, Laws 1975, chapter 402, section 2, or any other applicable law shall be the obligation of Hennepin County. The retirement board shall prepare an itemized statement of the financial requirements of the fund payable by Hennepin County, which shall be submitted prior to September 15. Contributions by Hennepin County shall be made at times designated by the retirement board. Hennepin County may levy for its contribution to the retirement fund.

Subd. 2a. Contributions by Metropolitan Airports Commission and Metropolitan Council. The Metropolitan Airports Commission and the Metropolitan Council shall pay to the Minneapolis Employees Retirement Fund annually in installments as specified in subdivision 3 the share of the additional support rate required for full amortization of the unfunded actuarial accrued liabilities by June 30, 2020, that is attributable to employees of the airports commission or former Metropolitan Waste Control Commission who are members of the fund. The amount of the payment shall be determined as if the airport commission and Metropolitan Council's employer contributions determined under subdivision 2 had also included a proportionate share of a \$1,000,000 annual employer amortization contribution. The amount of this \$1,000,000 annual employer amortization contribution that would have been allocated to the commission or council would have been based on the share of the fund's unfunded actuarial accrued liability attributed to the commission or council compared to the total unfunded actuarial accrued liability

attributed to all employers under subdivisions 1a and 2. The determinations required under this subdivision must be based on the most recent actuarial valuation prepared by the actuary retained under section 356.214.

422A.11 MILITARY SERVICE.

Subdivision 1. **Service credit.** Any employee who engages in or has engaged in active service in time of war or other emergency declared by proper authority, in any of the military or naval forces of the state or of the United States, and returns to the employment of the city within 90 days following release from military or naval service, shall receive credit for the period of military service as provided in this section as though actually employed by the city, provided the employee was a member of the contributing class of the retirement fund at the time of entrance into military service, or was a member of the exempt class at the time of entrance into military service prior to December 31, 1945, or qualifies as a member of the exempt class as specified in section 422A.09, subdivision 3, clause (5), notwithstanding the provisions of the Veterans Preference Act or any other law, rule or bylaw providing for credit for military service for pension purposes. Employees on leave of absence or layoff at time of entrance into military service as herein provided shall be considered employees for the purpose of this chapter. Credit shall be granted for military service rendered, provided that credit for military service shall not exceed six calendar years.

Subd. 2. **Credit after refund.** Any employee who was a member of the contributing class of the fund at the time of entrance into military service and who resigned from the service of the city and received a refund of the employee's personal contribution to the fund and who is reemployed by the city and again becomes a contributing member of the fund shall receive credit for military service as provided by this section upon repaying to the fund the amount of the refund plus interest thereon at six percent compounded annually until fully paid and the further payment to the fund without interest of the amount the contribution would have totaled had the employee continued as a contributing member of the fund during the period of military service. No contribution shall be made by the city to the credit of an employee's account for the period of such military service.

Subd. 3. **Calculation of credit.** The retirement board shall determine and compute the amount of the contributions which said employee would have made to such fund if employment had not been interrupted by military service. The amount so determined and computed shall constitute an obligation of and be paid by the city or public corporation, and shall be credited to the contribution account of such employee. In determining the amount of contributions that the employee would have made if the employee had not entered military service, consideration shall be given to the employment service of employees who did not enter military service with like classification, seniority rights, length of service, and other factors determining probable time of employment.

Subd. 4. **Separation from service.** In the event that such employee becomes separated from the service, except by retirement or death, prior to the expiration of five years subsequent to the date on which the employee was reinstated as an employee, such contribution may not be withdrawn by said employee, but shall be canceled and credited to the reserve for annuities account of this fund. If an employee returns to the service after being separated as provided herein, credit shall be granted upon payment of the separation refund required by section 422A.22. In determining the five year period, there shall be included only time of actual employment.

422A.12 CREDITS; INDIVIDUAL RECORD.

Subdivision 1. **Salary deductions.** The city comptroller or other person having supervision of the payment of salaries to employees shall cause the deductions to be withheld from all specific appropriations for the particular salaries or compensation from which the deductions are made and from all allotments out of lump-sum appropriations for payments of such salaries or compensation for each fiscal year; and a record of these sums shall be entered to the credit of the various employees from whose salaries deductions have been made.

Subd. 2. **Credits.** At the close of each fiscal year there shall be credited within the deposit accumulation fund to accounts representing contributions by the municipality and to accounts representing the accumulated amount of each contributing employee in proportion to the average quarterly balance in each such account during said fiscal year the amount of income from investments earned on the accumulated funds in possession of the board, after having deducted from the total of such income (1) the amounts otherwise required as interest for various allowances or purposes specified in this chapter and (2) an amount to be set aside to liquidate actual or to amortize prospective losses on investments in the accumulation account.

APPENDIX

Repealed Minnesota Statutes: s2644-1

The net balance of the investment earnings to be so distributed shall be distributed at the greatest multiple of one-tenth of one percent up to and including a maximum of the interest assumption rate provided for in section 422A.06, subdivision 5 of all such accounts. Any undistributed excess earnings or losses determined to be earnings or losses attributable to the employers' contributions shall be distributed or charged to the employers' reserve accounts in proportion to the employers' average quarterly balances. Any undistributed excess earnings or losses determined to be earnings or losses attributable to the employees' contributions shall be distributed or charged to the employers' reserve accounts in proportion to the number of covered employees employed by each employer. If income from investments is insufficient to enable the crediting of the maximum interest amount to the employee and employer accounts, the maximum interest will first be credited to the employee accounts. If income is insufficient to cover the amounts credited to the employee accounts, the insufficiency attributable to each employer group of employees' accounts will be made up by a charge against the reserve account of that employer. The amount that shall be set aside annually to liquidate losses on investments shall be such amount as the board may deem necessary for such purpose but not in excess of one mill on the dollar of the gross amount received as income on the cash and investments in the fund.

422A.13 RETIREMENT ALLOWANCES; WHEN PAID.

Subdivision 1. **Allowance.** Any person who shall have been employed by the city and who shall have fulfilled the conditions in this chapter specified shall be entitled to receive a retirement allowance, as set forth in this chapter.

Subd. 2. **Retirement age.** Subject to the limitations in this chapter, an employee in the contributing class who was employed by the city for ten or more years and attains the established age for retirement, or was employed by the city for 30 or more years, as determined by the retirement board, may retire.

422A.14 APPLICATION; APPROVAL.

Subdivision 1. **Application for allowance.** No disability benefit or retirement allowance shall be granted to any employee who may become eligible for retirement as provided in this chapter until the employee, or one authorized to act in the employee's behalf, shall have filed with the retirement board, in such form as may be prescribed by the board, an application for such allowance. No installment of any such allowance shall be paid for any period prior to the effective date of retirement or the date of application, whichever occurs later.

422A.15 SERVICE ALLOWANCE; CONTRIBUTING EMPLOYEES.

Subdivision 1. **Formula pension and annuity.** (a) Except as otherwise provided in subdivision 3, each contributing member who, at the time of retirement, fulfills the conditions necessary to enable the member to retire is entitled to receive a "formula pension and annuity" equal to two percent for each year of allowable service for the first ten years and thereafter 2.5 percent per year of allowable service of the average salary, multiplied by the years of service credited by the retirement fund. The formula pension and annuity must be computed on the single life plan but subject to the option selections provided for in section 422A.17.

(b) In order to be entitled to the formula pension and annuity herein provided for, the retiring employee at the time of cessation of employment and of actual retirement must have attained the age of 60 years or have been employed by the city not less than 30 years, or meet the qualifications provided for in section 422A.16, and in addition thereto have contributed to the retirement fund at the percentage rate prescribed by the retirement law applicable when the salary, wages or compensation was paid on all salaries, wages, or compensation received from the city or from an applicable employing unit. The years of service to be applied in the formula pension and annuity must be found and determined by the retirement board, except that no credit may be allowed for any year in which a back charge is owing at time of retirement and the earnings from any year in which a back charge is owing may not be used in determining the average salary.

Subd. 2. **Withdrawal of voluntary contributions.** Voluntary additions to the employee's deposits made by the employee under section 422A.10 may be withdrawn by the retiring employee or, with the approval of the retirement board, applied to the purchase of an additional annuity computed and determined under a procedure specified by the actuary retained under section 356.214 utilizing the appropriate mortality table established by the board of trustees based on the experience of the fund as recommended by the actuary retained under section 356.214 and using the applicable postretirement interest rate assumption specified in section 356.215, subdivision 8.

APPENDIX

Repealed Minnesota Statutes: s2644-1

Subd. 3. **Optional defined contribution annuity.** (a) In lieu of the formula pension and annuity, a person who was a contributing member on April 28, 1973, who is eligible to retire and who ceases to be employed and who qualifies for retirement shall have the option of electing to receive a retirement allowance known as "the \$2 bill and annuity."

(b) If a member of the contributing class makes the election provided for in this section, the member shall receive a minimum pension of \$2 per month for each year of service. The pension shall be the actuarial equivalent of the accumulated amounts of the annual installments as may be fixed and designated by law throughout the period of service of the retiring employee, not to exceed 25 years, accumulated to the date of retirement at six percent compound interest, and such extra credit to be provided by the city as will produce the minimum pension of \$2 per month for each year of service. The pension shall be in addition to the annuity. The annuity shall be in the actuarial equivalent of the net accumulated contributions to the credit of the retiring employee, calculated at the date of retirement. For the purposes of this chapter, the "service allowance" for members of the contributing class shall consist of an "annuity" and a "pension."

(c) The pension provided for herein shall be the actuarial equivalent of the accumulated annual installments of \$2 per month for each year of service. The sum of \$2 shall be computed as a single life annuity and subject to the option selections provided for in section 422A.17. The pension and annuity provided for in this subdivision shall be first paid from the contributing member's own contributions and normal earned credits, plus interest, until those credits are exhausted.

(d) The retirement allowance provided under this subdivision or any optional annuity form of the retirement allowance shall be computed and determined under a procedure specified by the actuary retained under section 356.214 utilizing the appropriate mortality table established by the board of trustees based on the experience of the fund as recommended by the actuary retained under section 356.214 and using the applicable postretirement interest rate assumption specified in section 356.215, subdivision 8.

Subd. 4. **Service.** Except as otherwise provided in this chapter, the service of each contributing member shall be calculated from the date of original appointment. Said service shall include periods of service at different times and service for one or more departments, branches or independent boards of the city. In computing length of service of contributing employees for the purpose of this chapter, periods of separations from the service shall not be included, provided, that any contributing employee who heretofore or hereafter shall serve as a duly elected member of the Minnesota state legislature and who at the time of entrance into the service herein outlined was a contributing member of the retirement fund, shall receive credit for the time spent in such service as though actually employed by such city. In order to receive credit as herein outlined, such employee shall contribute to the retirement fund the amount that would have been contributed by the employee if actually employed by the city. The amount of salary, wages or compensation received by the employee immediately prior to entering the service herein set forth, shall be the dollar amount used in determining the contributions to be made to the retirement fund, and also the amount to be used in determining the arithmetical average annual compensation otherwise provided for in this chapter.

Subd. 5. **Payment.** All retirement allowances as herein provided shall be paid in monthly installments and checks shall be issued and mailed to the last known address of each beneficiary by the first business day of the month succeeding the month in which the allowance is authorized. Where a beneficiary is under legal guardianship, monthly installments may be paid to the guardian.

422A.151 ALTERNATIVE CALCULATION OF ANNUITY.

(a) In the case of a contributing member of the Minneapolis Employees Retirement Fund who is employed as a licensed peace officer or firefighter with the Metropolitan Airports Commission and who retires, becomes disabled within the meaning of section 422A.18, or dies, the retirement, disability, or survivor allowance is equal to the higher of the following:

(1) the retirement, disability, or survivor allowance calculated for the person under the applicable provisions of the Minneapolis Employees Retirement Fund; or

(2) the retirement, disability, or survivor benefit that the person would be entitled to upon meeting the applicable age and allowable service requirements of section 353.651, 353.656, or 353.657 if all employment as a licensed peace officer or firefighter with the Metropolitan Airports Commission had been allowable service under the Public Employees Retirement Association police and fire fund, instead of being covered by the Minneapolis Employees Retirement Fund. In computing the alternative benefit under section 353.651, 353.656, or 353.657, the applicable definitions and related provisions of chapter 353 must be used.

APPENDIX

Repealed Minnesota Statutes: s2644-1

A firefighter or licensed peace officer terminating employment by the Metropolitan Airports Commission after June 30, 1997, or the survivor of a deceased firefighter or licensed peace officer terminating employment by the Metropolitan Airports Commission after June 30, 1997, under section 353.651, 353.656, or 353.657, shall receive a one percent lower cost-of-living adjustment than otherwise payable under section 422A.06, subdivision 5. If the cost-of-living adjustment payable under section 422A.06, subdivision 5, is less than one percent, the firefighter or licensed peace officer who retired after June 30, 1997, must not have a reduction in the previously received annuity or benefit amount, but future cost-of-living adjustments must be modified equal to the percentage the benefit would have been reduced below the person's current annuity or benefit amount to reflect the one percent lower cost-of-living adjustment under section 422A.06, subdivision 5.

(b) If a contributing member under paragraph (a) has periods of coverage by the Minneapolis Employees Retirement Fund that include service other than employment as a licensed peace officer or firefighter as well as employment as a licensed peace officer or firefighter, the calculation of the benefit under paragraph (a), clause (2), may only utilize service as a licensed peace officer or firefighter employed by the Metropolitan Airports Commission.

422A.155 DETERMINATION OF SERVICE CREDIT.

(a) Notwithstanding the provisions of section 422A.15, subdivision 1, no employee of the contributing class of the Minneapolis Employees Retirement Fund shall be entitled to receive a year of service credit during the employee's final year of service unless the employee is employed and has received compensation from the city of Minneapolis or other applicable employing unit during each of the calendar months making up the year for which the employee would usually be employed. Any employee of the contributing class who is employed and receives compensation in fewer than the usual number of calendar months during the final year of service shall receive credit for that portion of a year that the employee's completed months of employment and receipt of compensation bears to the usual number of months which the employee would usually be employed.

(b) [Expired]

422A.156 LIMITATION ON CERTAIN BENEFIT PAYMENTS.

From and after February 8, 1980, nothing contained in section 422A.09, subdivision 3, clause (2) shall be construed as allowing payment of a retirement allowance or other retirement benefits other than a disability allowance pursuant to section 422A.18 if otherwise eligible to any former, present or future elective officer of the city of Minneapolis who has not attained the age of at least 60 years unless the elective officer has received credit for at least 30 years of services and retires pursuant to section 422A.15, subdivision 1.

422A.16 RETIREMENT ALLOWANCE; DEFERRED COMPENSATION.

Subdivision 1. **Contribution.** Any member of the contributing class who becomes permanently separated from the service of the city after three or more years of service to the city may, by an instrument in writing filed with the retirement board within 30 days after such separation becomes permanent, elect to allow the member's contributions to the fund to the date of separation to remain on deposit in the fund.

Subd. 2. **Deferred defined contribution annuity.** (a) A person who is a member of the contributing class on April 28, 1973, and who makes the election provided for in this subdivision and in subdivision 1, may, upon attaining the age of 55 years, but before attaining the age of 65 years, or someone acting in the member's behalf, may make application to receive the retirement allowance provided for in section 422A.15, subdivision 3, or an optional retirement allowance in the manner provided for by section 422A.17. The retirement allowance shall be the actuarial equivalent of the city's contribution and the member's deposit, as they were on the date the separation becomes permanent, plus interest, as provided for in section 422A.12.

(b) The retirement allowance provided under this subdivision or any optional annuity form of the retirement allowance shall be computed and determined under a procedure specified by the actuary retained under section 356.214 utilizing the appropriate mortality table established by the board of trustees based on the experience of the fund as recommended by the actuary retained under section 356.214 and using the applicable postretirement interest rate assumption specified in section 356.215, subdivision 8.

Subd. 3. **Payments to beneficiaries.** (a) If such contributing member dies without having made the election provided for herein, the net accumulated amount of deductions from the

Repealed Minnesota Statutes: s2644-1

member's salary, pay or compensation plus interest to the member's credit on date of death must be paid to such person, or persons, as the member shall have nominated by written designation filed with the retirement board, in such form as the retirement board shall require. If the employee fails to make a designation, or if the person or persons designated by the employee is not living to receive payment, the net accumulated amount of deductions from the employee's salary, pay, or compensation, plus interest to the credit of such employee on date of death must be paid to the employee's estate. The net accumulated city deposits must be paid to a beneficiary designated by such contributing member in such form as the retirement board shall require, who shall be the surviving spouse, or surviving child, or children of such member. If there is no surviving spouse, or surviving child or children, deposits must be paid to a person actually dependent on and receiving principal support from such member or surviving mother or father, or surviving brother or sister, or surviving children of the deceased brother or sister of such member.

(b) If the beneficiary designated by the member is not one of the class of persons named in the preceding paragraph, such benefit from the accumulations of city deposits shall be paid in the following order: (1) to the surviving spouse, the whole thereof; (2) if there be no surviving spouse, to the surviving children, share and share alike; (3) if there be no surviving spouse or child, or children, to the dependent or dependents of the member, share and share alike; (4) if there be no surviving spouse, child, or children, or dependents, to the surviving mother and father, share and share alike; (5) if there be no surviving mother and father, to the surviving brothers and sisters of the member, in equal shares; (6) and if there be no surviving brothers and sisters, to the surviving children of the deceased brothers and sisters of the member, in equal shares; (7) and if there be no person named in this paragraph who survives the member, the accumulation of city deposits must be canceled.

Subd. 4. **Retirement allowance.** A contributing member may, after electing to receive a retirement allowance as provided herein, make application to withdraw the member's deposit before reaching the age of 60 years, at which time that portion contributed by the city shall be canceled.

Subd. 5. **Withdrawal before retirement.** If such deposit is withdrawn before retirement, the retirement rights shall be forfeited unless such employee returns to the service of the city and again becomes a contributing member to the fund and redeposits the amount withdrawn, plus six percent compound interest from date of withdrawal to date of reinstatement to the service of the city.

Subd. 6. **Disability allowance.** If a contributing member, after becoming permanently separated from the service of the city and after electing to receive a retirement allowance as provided herein, becomes totally and permanently disabled for any cause before reaching the age of 60 years, the member shall be entitled to receive such disability allowance upon application to the retirement board and certified by the medical board provided in this chapter. Such disability allowance shall be the actuarial equivalent of the total credit to the member's account on the date application for such retirement allowance is made.

Subd. 7. **Election for funds to remain on deposit.** Any member of the contributing class who becomes permanently separated from the service of the city after ten or more years of service for such city, and who is under the age of 60 years, may, by an instrument in writing, filed with the retirement board within 30 days after such separation becomes permanent, elect to allow the member's contributions to such fund to the date of separation to remain on deposit in such fund, and in such event the member shall be entitled to receive a retirement allowance at age 60 or later, but before age 65, provided the member, or someone acting in the member's behalf if the member be incompetent, make written application for the retirement allowance provided for in section 422A.15, subdivision 1, in the same manner provided for in section 422A.17. The provisions of subdivisions 3, 4, 5 and 6 shall also apply to any member qualifying for benefits under this subdivision.

Subd. 8. **Service in more than one fund.** Any person who was a member of the Minneapolis Employees Retirement Fund and also a member of a plan administered by the director of the Minnesota State Retirement System having a like provision or a member of the Public Employees Retirement Association or the Teachers Retirement Association, or any other public employee retirement system in the state of Minnesota having a like provision but excluding all other funds providing benefits for police officers or firefighters shall be entitled when qualified to an annuity from each fund if the person's total allowable service in any two or more of these funds totals ten or more years, provided that no portion of the allowable service upon which the retirement annuity from one fund is based is again used in the computation for benefits from another fund and provided further that any refundment received from the Minneapolis Employees Retirement Fund has been repaid to that fund. The annuity from each fund shall be determined by the appropriate provisions of that fund except the provision requiring at least ten years allowable

Subd. 9. Incompetency or death of member. (a) Any member of the contributing class who becomes permanently separated from the service of the city under subdivision 8, may, by an instrument in writing, filed with the municipal employees retirement board within 30 days after the separation becomes permanent, elect to allow the member contributions to the fund to the date of separation to remain on deposit in the fund, and in the event the member is entitled to receive a retirement allowance at age 65, provided the member, or someone acting in the member's behalf if the member be incompetent, must make a written application for the retirement allowance in the same manner provided for in section 422A.17 and in accordance with the provisions of section 422A.15, subdivision 1, except for determining average salary.

(b) If the contributing member dies before reaching the age of 65 years, or having attained the age of 65 years without having made the election provided for herein, the net accumulated amount of deductions from the member's salary, pay or compensation, plus interest, to the member's credit on date of death is payable to the person or persons as have been nominated by written designation filed with the retirement board, in the form that the retirement board requires.

(c) If the employee fails to make a designation, or if the person or persons designated by the employee predeceases the employee, the net accumulated credit to the employee's account on date of death is payable to the employee's estate.

(d) The provisions of subdivisions 4, 5, and 6 also apply to any member qualifying for benefits under this subdivision, except for purposes of this subdivision the age referred to in subdivision 4 is 65 years.

Subd. 10. Deferred allowance augmentation. Deferred allowances granted under this section shall be calculated as of the date of separation and shall be increased by the interest rate of five percent per year until January 1, 1981, and thereafter by the interest rate of three percent per year, compounded annually.

(c) In adopting optional annuity forms, the board of trustees shall obtain the written recommendation of the actuary retained under section 356.214. The recommendations shall be a part of the permanent records of the board of trustees.

422A.18 DISABILITY ALLOWANCES.

Subdivision 1. **Expert examination.** (a) Upon the application of the head of the department in which a contributing employee is employed, or upon the application of the contributing employee or of one acting in the employee's behalf, the retirement board shall place the contributor on disability and pay the person a disability allowance under this section if the medical board, after an expert examination of the contributor made at the place of residence of the contributor or at a place mutually agreed upon, shall certify to the retirement board that the contributor is physically or mentally incapacitated for the performance of further service to the city and recommend that the contributor be placed on disability.

(b) The medical board shall consist of the city physician, a physician, chiropractor, or licensed psychologist to be selected by the retirement board, and a physician, chiropractor, or licensed psychologist to be selected by the employee.

(c) Disability of an employee resulting from injury or illness received in the performance of the duties of the city service shall be defined as duty disability.

(d) Disability incurred as a result of injury or illness not connected with the performance of such service shall be defined as nonduty disability. In order to be entitled to a retirement allowance for a nonduty disability, an employee shall have rendered five or more years of service to the city.

Subd. 2. **Disability allowance amount.** (a) The amount of disability allowance under this section shall be the amount of service allowance to which the employee would be entitled under section 422A.15, notwithstanding the age requirements expressed therein; or the lesser of the following amounts: 50 percent of the final average compensation, or an amount equal to two percent of final average compensation for each year of allowable service for the first ten years, and thereafter 2.5 percent of final average compensation per year of allowable service, including in the latter assumed service between the date the disability occurred and the 60th birthday of the employee.

(b) Annuities payable under this section shall be adjusted at the same time and rate as retirement annuities in the retirement benefit fund.

Subd. 3. **Payment.** Payment of any disability allowance authorized by sections 422A.01 to 422A.25, shall commence three months after date of application provided that the applicant has not been restored to duty. Such payment shall be retroactive to date of application and shall continue throughout the full period of the disability subject to the same optional selections as are provided for service allowances; provided that when a disability beneficiary shall have attained the minimum age for retirement on a service allowance the disability allowance shall be discontinued only as provided by the terms of the option selected. Any employee eligible for a disability allowance who is also entitled to an allowance under a workers' compensation act and/or resumes a gainful occupation shall be entitled to receive during the period of such compensation only that portion of the retirement allowance provided by this chapter which when added to such additional compensation does not exceed the salary of the employee at the time of disability.

Subd. 4. **Additional medical examinations.** (a) Once each year, the retirement board may require any disability beneficiary while still under the established age for retirement to undergo an expert examination by one or more physicians, one or more chiropractors, or one or more licensed psychologists designated by the retirement board. The examination must be made at the place of residence of the beneficiary or other place mutually agreed upon.

(b) If the medical board certifies to the retirement board that the disability beneficiary is no longer physically or mentally incapacitated for the performance of duty, the beneficiary's allowance must be discontinued and the head of the department in which the beneficiary was employed at the time of retirement shall, upon notification by the retirement board of the report of the medical board, reemploy the beneficiary at a rate of salary not less than the amount of the disability allowance.

(c) After the expiration of five years subsequent to the retirement of the beneficiary, the restoration to duty, notwithstanding the recommendation of the medical board, is optional with the head of the department. If any disability beneficiary, while under the established age for retirement, refuses to submit to at least one expert examination in any year by one or more physicians, one or more chiropractors, or one or more licensed psychologists designated by the medical board, the allowance must be discontinued until the withdrawal of such refusal, and should such refusal continue for one year, all the beneficiary's rights in and to any retirement or disability allowance are forfeited.

Subd. 5. **Return to active service.** Upon application of any beneficiary under the established age for retirement drawing a pension or a disability allowance under the provisions of this chapter, approved by the retirement board, the beneficiary may be restored to active service by the head of the department in which the beneficiary was employed at the time of disability. Upon the restoration of a beneficiary to active service the disability allowance shall cease.

Subd. 7. **Rules.** The board shall establish rules and regulations for the determination of earnings for purposes of this section.

422A.19 RETIREMENT; CREDIT FOR SERVICE UNDER DISABILITY.

Where the city pays a disability allowance to any employee under any provisions of this chapter and which provisions require the performance of services for any specified period immediately preceding the time of retirement to entitle an employee to a retirement allowance, the time during which any such person has heretofore received a disability allowance within such specified period immediately preceding retirement, by reason of any disability arising from an accident occurring in the course of employment, shall be credited as service with the same force and effect as if the employee had actually performed service during such time.

422A.20 DEATH BENEFITS; DISTRIBUTION.

Subdivision 1. **Death benefits.** In all cases where the retirement board of the city pursuant to this chapter is required to refund the net accumulated credits of any contributing employee standing to the employee's credit on date of death, or to refund the balance remaining to the credit of a retired employee on the date of death, who has retired under the Option I plan of retirement, the retirement board shall, at the written request of such employee filed with the retirement board prior to death, or at the written request of a beneficiary filed with the retirement board after the employee's death, provide for the payment of such credits or balances or any portion thereof in monthly installments until such credits or balances are exhausted; provided that such beneficiary shall be of the class of persons permitted to receive a sum or sums standing to the credit of the employee at the time of death.

Subd. 2. **Interest.** The retirement board shall provide for the payment of annual interest on the credits or balances remaining on deposit at the same rate that is paid to contributing employees on accumulated salary deductions.

Subd. 3. **Applicability.** Nothing in this section shall be construed to alter the method of determining the persons entitled to receive such refunds or the amount to be paid.

422A.21 RETIREMENT ALLOWANCES INCREASED.

Subdivision 1. **Increases.** The retirement board shall increase the retirement allowances hereafter paid of those employees who have retired or shall retire under the "\$2 bill and annuity" after January 1, 1973, by three 25 percent increases computed separately, each increase not to exceed \$300 per annum.

Subd. 2. **Applicability.** Nothing in this section shall be construed to alter the method of computing and determining the amount of the retirement allowance as provided in this chapter, except the amount provided in subdivision 1 shall be paid in addition to any allowance authorized in this chapter.

422A.22 REFUNDS.

Subdivision 1. **Retention; transfer.** (a) If an employee to whom this chapter applies becomes absolutely separated from active service before attaining the minimum retirement age established in section 422A.13, the employee is entitled to a refund of the net accumulated amount of deduction from salary, pay, or compensation, made for the purpose of accumulating a fund from which to pay retirement allowances, with interest at the annual compound rate of six percent.

(b) Any contributing employee who separates from a department, board or commission of the city whose employees are covered by a fund organized under this chapter, and becomes an employee of a department or board of the same city, whose employees are covered by a retirement fund or relief association by whatever name known, organized under any other law and supported in whole or in part by taxes on the same city, has the option of:

(1) retaining their membership in the fund organized under this chapter, regardless of the provisions of any law, rule, bylaw or other action requiring membership in any other retirement fund or relief association however organized; or

APPENDIX

Repealed Minnesota Statutes: s2644-1

(2) transferring to the fund or association covering the employees of the department or board to which they are transferring, providing they are eligible for membership therein.

(c) Any contributing employee who elects to transfer to another fund or association as provided in paragraph (b), clause (2), must make such election within one year from the date of separation from the city service covered by this fund. If the contributing employee elects to transfer to another fund, the employee is entitled to a refund of the net accumulated contributions made by such employee to the fund organized under this chapter with interest at the annual compound rate of six percent.

Subd. 3. **Limitation on eligibility.** No employee of the city is eligible to be a member of, or receive benefits from, more than one retirement plan or fund of the city for the same period of service.

Subd. 4. **Death-while-active refund.** (a) Upon the death of an active member before the employee's termination of active service, the beneficiary or beneficiaries designated by the member on a form specified by the executive director and filed with the retirement board are entitled to receive the net accumulated employee deductions from salary, pay, or compensation, including interest under subdivision 1, paragraph (a), compounded annually to the date of the member's death. The amount must not include any contributions made by the employee or on the employee's behalf, or any interest or investment earnings on those contributions, which were allocated to the survivor benefit fund under section 422A.06, subdivision 6.

(b) If the employee fails to make a designation, or if the beneficiary or beneficiaries designated by the employee predeceases the employee, the deceased employee's estate is entitled to the benefit specified in paragraph (a).

(c) A benefit payable under this subdivision is in addition to any applicable survivor benefit under section 422A.23.

Subd. 6. **Refund; Minneapolis Employees Retirement Fund.** A person who has received a refund from the Minneapolis Employees Retirement Fund, and who is a member of a public retirement system included in section 422A.16, subdivision 8, may repay such refund with interest at a compound annual rate of 8.5 percent to the Minneapolis Employees Retirement Fund. If a refund is repaid to the fund and if more than one refund has been received from the fund, all refunds must be repaid. Repayment must be made as provided in this chapter.

422A.23 SURVIVOR BENEFITS.

Subdivision 1. **Payment of city installment accumulated amount.** (a) If an active or deferred member dies with ten or more years of service credit, except as noted in paragraph (d), the individual specified in paragraph (b) is eligible to receive the benefit specified in paragraph (c).

(b) An individual eligible for the benefit specified in paragraph (c) is a beneficiary designated by the member on a form specified by the executive director. If the member failed to designate a beneficiary, or if the beneficiary or beneficiaries designated by the employee predecease the employee, the benefit in paragraph (c) is payable to the deceased employee's estate.

(c) The benefit is a lump-sum payment of the present value of the city's or other contributing employer's annual installments of \$60 to the credit of the member.

(d) No benefit is payable under this subdivision if a monthly survivor benefit is paid on behalf of the deceased employee under another subdivision of this section.

Subd. 2. **Short-service survivor benefit.** (a) If an active member dies prior to termination of service with at least 18 months but less than 20 years of service credit, the surviving spouse or surviving child or children is eligible to receive the survivor benefit specified in paragraph (b) or (c), as applicable. Payment of a benefit for any surviving child under the age of 18 years shall be made to the surviving parent, or if there be none, to the legal guardian of the surviving child.

(b) If the surviving spouse or surviving child benefit commenced before July 1, 1983, the surviving spouse benefit is increased from \$500 per month to \$750 per month and the surviving child benefit is \$225 per month, beginning with the first monthly payment payable after May 28, 1998. The sum of surviving spouse and surviving child benefits payable under this paragraph shall not exceed \$900 per month. The increased cost resulting from the benefit increases under this paragraph must be allocated to each employing unit listed in section 422A.101, subdivisions 1a, 2, and 2a, on the basis of the additional accrued liability resulting from increased benefits paid to the survivors of employees from that unit.

(c) If the surviving spouse or surviving child benefit commences after June 30, 1983, the surviving spouse benefit is 30 percent of the member's average salary in effect over the last six months of allowable service preceding the month in which death occurs. The surviving child benefit is ten percent of the member's average salary in effect over the last six months of allowable service preceding the month in which death occurs. The sum of surviving spouse and surviving

child benefits payable under this paragraph shall not exceed 50 percent of the member's average salary in effect over the last six months of allowable service.

(d) Any surviving child benefit or surviving spouse benefit computed under paragraph (c) and in effect for the month immediately prior to May 28, 1998, is increased by 15 percent as of the first payment on or after May 28, 1998.

(e) Surviving child benefits under this subdivision terminate when the child no longer meets the definition of surviving child.

Subd. 5. **Administration.** Benefits provided in this section following the death of an active employee or deferred member, as applicable, commence on the first day of the month following the month in which the active employee or deferred member dies and shall end with the last day of the month preceding the month in which eligibility ceases. Information deemed necessary by the executive director to determine eligibility for the benefits provided by this section must be submitted. Failure to furnish any required information shall be sufficient grounds for denial or discontinuance of benefits. A determination made by the executive director may be appealed to the retirement board, whose determination is final. If the surviving spouse of the deceased active employee or deferred member becomes entitled to a retirement allowance by reason of membership in this fund, the surviving spouse is authorized to receive the retirement allowance in addition to all applicable surviving spouse benefits to which the surviving spouse is entitled as specified in this section and section 422A.22, subdivision 4, if applicable. The cost of all benefits provided in this section is an obligation of the members and of the city, any of its boards, departments, commissions or public corporations or other applicable employing units.

Subd. 6. **Survivor benefit employee contribution.** The retirement board shall create a reserve account for survivor's benefits from which shall be paid on an actuarial basis all survivor benefits due and payable. At the end of each fiscal year, as part of the annual actuarial valuation of the fund prepared by the actuary retained under section 356.214, a determination of the normal cost of the benefits payable from the survivor's benefit account shall be made and the board shall reduce or increase the employee contribution rate if and when it is determined based on the annual actuarial valuation that the member contribution rate is in excess of or is less than the amount necessary to pay for 50 percent of the calculated normal cost of the survivor benefits provided in this section.

Subd. 7. **Long-service active and deferred member survivor coverage.** (a) If the active or deferred member dies with 20 or more years of service credit, a beneficiary as defined in paragraph (b) is eligible to receive the benefit specified in paragraph (c).

(b) The beneficiary eligible for a benefit under paragraph (c) is the surviving spouse of the deceased employee. If there is no surviving spouse, the beneficiary may be a dependent surviving child of the member or dependent parent designated by the employee on a form prescribed by the executive director.

(c) The benefit payable to the beneficiary designated in paragraph (b) is a monthly allowance for life. The monthly allowance is the actuarial equivalent of a single life service allowance specified in section 422A.15, subdivision 1, which would have been payable to the employee on the date of death, notwithstanding the age requirement stated in section 422A.15, subdivision 1. For purposes of this section, the amount of any excess contributions or voluntary additions by the member shall not be included in the calculations in determining the monthly allowance.

(d) For benefits payable under this subdivision following the death of a deferred member, the benefit must be calculated as of the date of termination from service and increased by five percent per year until January 1, 1981, and by three percent per year thereafter, compounded annually.

Subd. 8. **Surviving child; dependent definition.** For purposes of subdivision 2, a surviving child is an unmarried child of the deceased member under the age of 18, or under the age of 22 if a full-time student at an accredited school, college, or university. For purposes of subdivision 7, a dependent surviving child or dependent parent must meet the definition of dependent, as defined in section 422A.01, subdivision 12, at the time of the active or deferred member's death.

Subd. 9. **Lump-sum death benefit.** If no monthly survivor benefit is payable under subdivision 2 or 7, there shall be paid from the survivor benefit account to a beneficiary designated by the employee on a form prescribed by the executive director a lump-sum death benefit of \$750 if death occurs prior to the end of the employee's tenth year of service credit or of \$1,500 if the employee had ten or more years of service credit. Any benefit under this subdivision may be paid in addition to a benefit payable under subdivision 1.

Subd. 10. **Benefit increases.** Annuities payable under this section must be adjusted at the same time and rate as retirement annuities in the retirement benefit fund.

APPENDIX

Repealed Minnesota Statutes: s2644-1

Subd. 11. **Effect of spouse remarriage.** A monthly survivor benefit must not be discontinued or terminated due to a surviving spouse's remarriage.

Subd. 12. **Determination of annuity.** The survivor annuities payable under this section must be computed and determined under a procedure specified by the actuary retained under section 356.214 utilizing the appropriate mortality table based on the experience of the fund as recommended by that actuary and approved by the Legislative Commission on Pensions and Retirement and using the applicable postretirement interest rate assumption specified in section 356.215, subdivision 8.

422A.231 COST ALLOCATION.

(a) Notwithstanding any law to the contrary, all current and future contribution requirements due to this article are payable by the participating contributing employing units other than the state of Minnesota.

(b) In each actuarial valuation of the retirement fund, the actuary retained under section 356.214 shall include an exhibit on the impact of the benefit increases contained in this article on the survivor benefit fund. The actuary shall calculate the expected change in the present value of the future benefits payable from the survivor benefit fund attributable to this article, using the actuarial method and assumptions applicable to the Minneapolis Employees Retirement Fund, from the prior actuarial valuation and shall compare that result with the actual change in the present value of future benefits payable from the survivor benefit fund attributable to this article from the prior actuarial valuation.

(c) The executive director shall assess each participating employer, other than the state of Minnesota, its proportional share of the net increase amount calculated under paragraph (b). The assessment must be made on the first business day of the following February, plus compound interest at an annual rate of six percent on the amount from the actuarial valuation date to the date of payment.

422A.24 ALLOWANCES NOT ASSIGNABLE OR SUBJECT TO PROCESS.

The provisions of section 356.401 apply to the Minneapolis employees retirement plan.

422A.25 CONTINUING APPROPRIATION, RIGHTS NOT IMPAIRED.

All money necessary to meet all transfers from account to account, from fund to fund, and from fund to beneficiaries and annuitants provided in this chapter, are hereby annually and from time to time appropriated. Nothing contained in this chapter shall be construed as diminishing, limiting or modifying any vested right of an employee, annuitant or beneficiary to a retirement allowance, annuity or pension acquired under the law existing prior to May 1, 1975.
